

Fenceline Spraying Agreement

Saddle Hills County

I/we, the landowner, grant permission for Saddle Hills County Agricultural Services Department to apply herbicide within the property listed below, for the control of noxious weeds, prohibited noxious weeds and/or brush (brush less than 2 meters in height) along the perimeter of the property, within the fence-line adjacent to a developed road right-of-way.

I/we hereby:

- Understand that the County will attempt to keep herbicide applications from encroaching further than 2 meters onto private land, that broad-leaved vegetation will die, and that some desirable plants, grasses and crops may be harmed;
- Understand that applications may take place via boom equipped spray truck, ATV or hand gun spot spray unit;
- Understand that herbicides will be avoided within 30 horizontal metres of domestic use dugouts, shelterbelts, residences, or common bodies of water;
- Understand that applications will be performed from roadside to avoid driving on lands, unless terrain only allows from inside the property line, and if spraying from inside the property, equipment will be brought in clean to prevent the introduction of weeds and pests;
- Understand applications will be made on a selective basis for noxious and prohibited noxious weed control and brush less than 2 meters in height;
- Understand that registered herbicides as recommended by the Agricultural Fieldman are to be used;
- Understand that some herbicides may have residual properties for up to 5 years;
- Agree to identify any areas where I/we do not wish to have spraying take place;
- Agree to notify the County of changes to ownership or occupancy of the lands listed in on this agreement;
- Agree that this Agreement will remain effective in the year it is signed or until cancelled by the landowner or by the County in writing;
- Recognize that I/we have received product label document;
- Declare that I understand the effects and I agree to save harmless and indemnify the County of Saddle Hills, its employees and agents from and against all

actions, suits,
claims and demands arising in any manner whatsoever from activities
associated with
said herbicide application.
