

# Remote Potable Water Hauling Subsidy Program

## Rural Potable Water Hauling Subsidy Program Policy #UT02

This subsidy has been created to provide a fair and equitable subsidy to Saddle Hills County residences that will not be able to connect to the rural potable waterline system.

As per Guideline 1b. Council have prescribed Gundy, from Township Road 770 to Township Road 752, and from Range Road 125 west to the B.C. border, as the first location eligible for the subsidy, as shown in the map below.

Eligible residences will receive subsidies at a rate of \$15 per cubic meter, not exceeding 120 cubic meters, to a maximum of \$1,800 per year. Please submit a separate application for each residence on the property.

Each year, residents who wish to be included must let the County know by completing the following form. At the end of the year, residents will use the same form to submit their receipts. The deadline for applications is January 31 of the following calendar year.

Please note that the subsidy will only be funded once per residence, per calendar year and that the water must be for domestic use only.

You must submit valid documentation showing the date the water was hauled or purchased within the year and the number of cubic meters purchased.

**Applicant Name \***

**Mailing Address \***

**Rural Address \***

**Legal Land Description \***

**Name of the Owner(s) of this property \***

**Property Tax Roll Number # \***

**Email \***

**Contact Number \***

**Applicant's Signature \***
