

Assessment: Request for Information

Saddle Hills County Assessment Department is currently completing property re-inspections in your area. Since you were unavailable when we visited, we kindly ask that you complete this questionnaire to aid us in the inspection process and ensure the data we have is correct for your property.

Due to COVID-19 procedures we have visited as little as possible since 2020, to ensure your safety and ours. As a result, we have made minimal interior changes during this time.

Should you have any questions, or require any help completing this questionnaire, please contact Assessment at (780) 864-3760.

This information is requested under the authority of the Municipal Government Act Section 295

- 1. A person must provide, on request by an assessor, any information necessary for the assessor to carry out the duties and responsibilities of an assessor under Parts 9 to 12 and the regulations,*
- 2. An assessor may request information or documents under subsection(2) only in respect of a property within the municipality for which the assessor is preparing an assessment.*
- 3. No person may make a complaint in the year following the assessment year under section 460 or, in the case of linear property, under section 492(1) about an assessment if the person has failed to provide any information requested under subsection (1) within 60 days from the date of the request.*

Land Use:

Q: WHAT QUALIFIES FOR FARMLAND STATUS?

A: The Minister of Municipal Affairs has developed strict guidelines and rules for land classified as "farmland".

By definition, "Farming Operations" means the raising, production and sale of agricultural products and includes 1) Horticulture, aviculture, apiculture, and aquaculture. 2) The production of horses, cattle, bison, sheep, swine, goats, fur bearing animals, raised in captivity, domestic cervids within the meaning of the Livestock Industry Diversification Act, and domestic camelids, and 3) The planting, growing and sale of sod. Should any of the above activities take place on the parcel of land, only then does the land qualify for farm status and assessment as agricultural use value. (continued.....

What does "agricultural use value" mean? It means the value of a parcel of land based exclusively on its use for farming operation.

If the land is not used for farming operations as prescribed by definition, the land cannot be assessed as agricultural use value and must, by legislation, be assessed at the market value standard.

Please note that when a parcel of land has qualified as farmland, it is assessed using regulated rates (agricultural use value) and this value has no relationship or reflection on the market value of the property.

Please check all that apply to your property

*Note: Riaer - Farm residence(s) can receive exemptions from the market value assessment. In rural municipalities, the Provincial Government allows a farm residence to be exempt based on the amount of farmland assessment in the owner's unit. The maximum exemption is **\$61,540** for the first residence of a farm owner's unit, and **\$30,770** for each additional residence. Saddle Hills County assessors administer the Riaer for Saddle Hills County property owners. Please let us know of any changes.*
